VTScada
Software for Monitoring & Control

Operation & Configuration Training Course

May 8th – May 11th, 2018

Clearwater, FL

Course Overview

Operators and developers will learn about the many features of the VTScada monitoring and control software by creating a working, full-featured application from start to finish. This course will explain how to use the native display screens, connect to hardware, build new displays, work with alarms, configure security and much more.

Time: Tuesday to Friday 9:00 am to 5:00 pm

Location: 1365 Hamlet Ave., Clearwater, FL, 33756

To Register: Fax: **902.835.0369**, or email: trudy.anderson@trihedral.com
